

IMMENSE CROWD EXPECTED IN CHARLEROI TO ENJOY BIG FOURTH OF JULY DEMONSTRATION

CITY BEDECKED IN CAYEST COLORS IN ANTICIPATION OF THE OCCASION

Parade in Morning Will be One of Features, to be Followed Immediately Afterwards by Speaking in "The Pines" by Noted Men

SPORTS PROGRAM ARRANGED FOR THE AFTERNOON

With the town bedecked in gala attire, Charleroi's Fourth of July celebration Monday promises to be something out of the ordinary. Complete arrangements have been made for the day, and all that remains is the carrying out of the program. A professional decorator has been here this week decorating the streets and many of the business places and today stores and residences are being adorned.

An immense crowd is anticipated despite the Fourth observance in other towns and nearby places. One big feature will be the parade in the morning, which will end in "The Pines" at 11 o'clock, when the speaking by Hon. John Mitchell, former president of the United Mine Workers of America, Hon. J. F. Taylor of Washington and Hon. J. K. Tener of Charleroi, candidate for Governor on the Republican ticket, will take place. The speaker's stand has been erected and decorated.

BOTTLE BLOWERS HAVE A GOOD TIME

Outing at Beechwood Park Attended by Workers From Charleroi

With the thermometer hovering around the 92 mark the glass-blowers of the Imperial Glass company and their friends, to the number of nearly 250 went to Beechwood park yesterday for a day's outing. All had a good time and every one returned home thoroughly refreshed by the pure air of this beautiful resort. From early morning until late in the evening one could hear the old familiar songs such as "Hail, Hail the Gang's all Here," "We're Here Because We're Here," etc., while the orchestra furnished music for those who desired to dance.

The honor guest at the outing was Andy J. Miesner, who has been manager of the Imperial Glass company for the past nine years, two years of this time being located in Charleroi. During a meeting of the glass blowers Thursday Mr. Miesner was presented with a diamond ring and a handsome shaving set as a token of the esteem in which he is held by his fellow workers. Mr. Miesner leaves shortly for Florida, where he has purchased a farm and expects to make his future home and at the same time hoping to regain his health, which has been much impaired. He goes to his new home with the best wishes of the officials of the company, also the men who have worked under him for some years.

During the day there were several prizes contested for. A French briar pipe donated by James "Dandy" Robison was won by "Flossy" McCarty, "Duke of Lock Four," assisted by Joe Mediere as his "lady" friend. The duke seemed to be selfish about showing his pipe as he had a

Plant Will be Closed a Week

Macbeth-Evans Chimney Factory Officials Will Take Stock

The entire Macbeth-Evans chimney plant has been closed down for a week to allow time for the taking of stock and to make a few minor repairs. The factory will resume in full again on July 11. It is customary for the Macbeth-Evans plant to close down a week during the summer usually about the Fourth of July to give their employees a chance to take part in the celebration of the National holiday. The plant has been running steadily under the superintendency of W. S. James, and from demands for the Macbeth-Evans were the prospects are for a continued steady run from now on.

OBJECTS TO MAKING MAIN THOROUGHFARE OBJECTIONABLE PLACE

Editor Charleroi Mail: Permit me to make a few remarks in regard to beautifying our city for the Fourth of July. Just come along McKean avenue, the most prominent business street in Charleroi, and look at the dirty freight cars. Then, to make it more prominent, our city council has decreed that as we don't get enough of the fine odor of the dirty cars, we should get a water closet for the National holiday. It is a shameful condition. When the great parade comes along next Monday on McKean avenue we can point out to our visitors the new addition on our main street and credit to our city council, the newly-erected attraction on our main thoroughfare, the Great Water Closets.

In regard to the utility some will say no doubt it is necessary in any town like Charleroi, especially on the Fourth, but why not have it on some back street? I claim that it was not necessary, as we will not have any larger crowd on next Monday than we had before, and the people got along very well without these accessories. Why don't council spend our money to a better advantage? It seems to me that they are wanting to do something and don't know what. I again say it is a shame for our prominent business thoroughfare, McKean avenue, to be so disfigured.

Parade Starts at 9:30 O'Clock

Officers Will Meet to Receive Final Instructions at 8:30 O'Clock

Chief Marshall John Majors met with his assistance marshals last night, and completed arrangements for the parade to be held Monday morning. The parade will be formed principally on Washington avenue and will move from the corner of Second street and Washington avenue at 9:30 o'clock sharp. The line will be formed at 9 o'clock.

Chief Marshall Majors will have his headquarters at the corner of Second street and Washington avenue, and makes a special request that all adjutants, marshals and lieutenants for the parade report on horseback at that corner at 8:30 o'clock Monday morning. There they will receive their badges and sashes and be given their final instructions on formation. There will be five divisions. The first division will form fronting on Fallowfield avenue and Second street, rear on Third street. The second division will front on Third street on Washington avenue and the rear will be on Fifth street. The third division will front at Fifth street on Washington avenue, and the rear will be on Sixth. The fourth division will front on Sixth street, on Washington avenue, and the rear will be on Seventh street. The fifth division will front on Seventh street and the rear will be on Lincoln avenue near Eighth street. There will be three bands, the John A. Wood, the Charleroi Italian and the Naomi.

The line of parade will be down Second street to McKean, down McKean to Ninth, up Ninth to Fallowfield, to Second, up Second to Washington down Washington to Fifth and up Fifth to Crest avenue and the review stand.

WILL ANNOUNCE FIGHT FROM WALFRED HOTEL

W. R. Gaut will announce the result of the big fight at Reno, Nevada, by rounds as fast as they take place from the Hotel Walfred. The information will be received direct by the Charleroi Telephone company. This service will be as prompt as any elsewhere in the town and is reliable in every detail.

Notice to Firemen

All members and companies of the Charleroi Volunteer Fire Department are requested to report in dress uniform to the chief at headquarters at 9 o'clock a. m. sharp Monday, July 4. J. M. Fleming, Chief.

JUNE SHIPMENTS OF COAL BEST THUS FAR THIS YEAR

Rev. Moninger Back From the Holy Lands

Will Lecture in County Before Returning to Home in Ohio

Herbert H. Moninger of Cincinnati, O., who has relatives in Fallowfield township and who is well known in Charleroi, has just returned from an extended tour through Bible lands. He is one of the most enthusiastic teacher training experts in the United States and the whole tour was turned into a great teacher training study class. He expects to spend some time visiting relatives in the county during the month of July. From the shores of the Lake of Galilee he secured a great quantity of beautiful shells and other mementoes from Palestine.

Rev. Moninger will give a number of lectures in Washington county before returning home. With the party which toured the Holy Lands under Rev. Moninger's guidance was Jehu Cooper of Fallowfield township.

INTERVIEWS NOT CORRECT

Michael Halapy and Other Officials Deny Alleged Statements

A few days ago the Washington Reporter published an article credited to the Philadelphia North American, in which prominent labor leaders of Washington were quoted in alleged interviews as being opposed to the candidacy of John K. Tener for Governor. Two of these were Vice President Van Bitner of the district United Mine Workers, and Michael Halapy, another prominent official, who have repudiated the alleged interviews in the Washington Record.

Vice President Van Bitner of the miners, declares most emphatically for Hon. John K. Tener and says "Tener is a friend of the miners; in fact the gubernatorial candidate is considered one of us, as our members are personally acquainted with him, and while we do not expect in any way to harass the next Governor, we are going to work enthusiastically for his election. In securing legislation the miners and operators meet together and first agree on what we want and then demand the passage of the same. If we cannot agree we attempt to force through the measures we want irrespective of who is Governor. However, we are not going to embarrass the next Governor, but instead are going to help him as we are anxious that he shall come out of the office with the best record of any Governor ever elected to fill that exalted office."

"I have been quoted as being against Tener, but I assure all that such an assertion is a canard pure and simple, and I am confident the miners will be almost unanimous in their support. The miners were for Tener for Congress and he knows that we requested nothing from him and what he did in putting through the bill for the Bureau of Miner was done voluntarily by him and Tener (Continued on Third Page).

Over 20,000,000 Bushels Go Through Lock

No. 4

MARCH NEXT BEST MONTH

Indications are That Heavy River Trade Will Continue Indefinitely.

Exceedingly good shipments of coal were made through Lock No. 4 during the month of June as shown by the report of Lockmaster A. F. McGowan. The report is the best for any month thus far this year, surpassing the banner month of March by 794,000 bushels.

The total June shipment was 20,199,000 bushels. The March shipments totaled 19,405,000 bushels and the May shipments, 18,599,000.

There were 827 lockages down stream during June and 1,723 boats, barges and flats down. Up stream there were 810 lockages and 1,641 empties passed up. Passengers during the month down stream were 1,314 and up stream 1,847. The rainfall was 3.77 inches.

During June, 1909, there was a total shipment of coal down stream of 16,147,000 bushels. There were 768 lockages down stream and 1,541 boats barges and flats passed down. Up stream there were 774 lockages and 1,541 boats, barges and flats passed up. The prospects are good for the heavy river coal trade to continue. The one light month this year was in April, when the total shipments of coal were little over 5,000,000 bushels. The heavy shipments of other months have partially made up for this.

EXPECT BIG CROWD AT ELDORA PARK

Hon. John Mitchell and Hon. J. K. Tener Will Speak in Afternoon

Eldora Park is prepared for the Fourth of July and the management expects a big day. Following the public reception here, Hon. John Mitchell and Hon. J. K. Tener will go to the park in an automobile, where they will make brief addresses, after which they will return to Charleroi. Dancing and other special features will provide entertainment for the day. Tomorrow, Sunday, Hall's Concert band will give concerts, in the afternoon and evening.

The Glorious Fourth

Before the American people take up the burden of life again, the Fourth of July will have come and gone and been celebrated with due pomp and splendor throughout the length and breadth of our land. With Sunday preceding, a day devoted to rest and religious devotions, people will have opportunity to take stock of the political and religious liberty they enjoy, and to study the true significance of the anniversary.

Great and glorious as has been the rise and progress of our country, there are numerous elements who believe our form of government is a failure; that the common people are shorn of their rights and liberties; that the rich and powerful interests are monopolizing and restricting opportunities, and that justice is perverted in their favor. Such, however, will discover their mistake if they will but read and study the Federal Constitution, the organic law of the land, on which all State constitutions must be based. No new system is needed. There is sufficient guarantee for the equal rights and liberties of all, if the people themselves will but insist upon enforcement. The apparent perversion of personal rights of the present day is individual—not National. It is the dominance and exercise of personal greed and selfishness of human nature, and a deviation from the teachings of the Lowly Nazarene that is causing the social unrest of the present time. The guarantee of personal rights and liberty on the part of the Government is as strong today as at the beginning.

Duty, as well as patriotism, is one of the essential qualities of Americanism. In the growth and development of a nation the brotherhood of man should not be lost sight of. This should furnish one of the inspirations for the observance of the Fourth, and the sentiment should be cultivated and practiced throughout the entire year. When each citizen loves his neighbor as himself, and does to them as he would have them do to him, the cause of social discontent will have been removed. Patriotism and duty in every day life is what is most needed at the present time.

Charleroi in Line

All roads will lead to Charleroi Monday, when the biggest Fourth of July demonstration ever attempted along the Monongahela valley will be pulled off. The program of topline attractions is all ready, and in the matter of oratory and entertainment, the best is not too good for Charleroi.

With John Mitchell, the former and beloved president of the United Mine Workers, Judge J. F. Taylor and Hon. John K. Tener, Republican candidate for Governor of Pennsylvania, men whose personality is an attraction in addition, to their oratori-

cal powers, the significance of the day will be well and ably presented. Then, with balloon ascensions, field sports of a high order and side attractions galore, no one will pass a dull moment who comes to Charleroi to celebrate the Fourth. Charleroi will extend the glad hand of welcome to all who come, and the day will be a memorable one in the annals of the valley.

needs no suggestions from the miners, as he is familiar with our industry. The iron and steel workers as well as glass workers are for Tener and while the miners are anxious to declare Tener their particular friend and personal acquaintance, are willing that others shall be considered. "I am confident that nearly every miner in the Pittsburgh district will be for Tener, and I know of none who are opposed to him. I do not think that anyone can oppose Tener, as he is clean cut, jovial and a common everyday person, and there is none closer to the people than he. The miners require no engrossed cards to call upon him, and it is plain every day John without frills and the petty annoyance that are usually required by the world-be great."

Michael Halapy, in reply to the interviews against Tener, purporting to have come from him, without hesitation sat down and wrote the following to the Philadelphia North American and requested its publication:

"A Washington paper has published a reproduction of an article that appeared in last Saturday's issue of the Philadelphia North American. It quotes me as saying that Mr. Tener's record is enough to justify organized labor to oppose him for Governor. I desire to contradict that statement emphatically and unequivocally. I have no interview with either a representative of your paper or that of the Washington paper, and on the whole I made no comment upon Mr. Tener's nomination."

"However, so far as Mr. Tener's record goes I believe that he has always been a friend of organized labor and if elected Governor, I believe he will demonstrate that to the most obtuse."

"In Washington county Mr. Tener has a host of friends among organized

labor. So far as I know the coal miners look on him best, will render him all the support they can at the fall election."

"If elected, we expect no favors of Mr. Tener as Governor. That exalted office has been created for the good of the Commonwealth, and it should be used to that end."

Both Van Bitner and Halapy are very conservative leaders and are not given to rash statements. These men are indignant against those who have unjustly used their names in articles against Tener for political effect.

WEDS WHILE ABSENT ON HIS VACATION

John L. Whitlatch of Charleroi and Miss Ronie Bennett of Parkersburg, W. Va., were quietly married at the home of the bride's parents in Parkersburg, Wednesday evening of this week. Only the immediate families were present. The couple are now visiting in Wheeling, Moundsville and vicinity at the present time, and will come to Charleroi next Friday, to begin housekeeping. Mr. Whitlatch is an employee of the local freight office, and is held in high esteem by his employers and his numerous acquaintances. The bride was formerly a teacher in the public schools in the Parkersburg vicinity, and is a popular young lady.

The Glorious Fourth

Before the American people take up the burden of life again, the Fourth of July will have come and gone and been celebrated with due pomp and splendor throughout the length and breadth of our land. With Sunday preceding, a day devoted to rest and religious devotions, people will have opportunity to take stock of the political and religious liberty they enjoy, and to study the true significance of the anniversary.

Great and glorious as has been the rise and progress of our country, there are numerous elements who believe our form of government is a failure; that the common people are shorn of their rights and liberties; that the rich and powerful interests are monopolizing and restricting opportunities, and that justice is perverted in their favor. Such, however, will discover their mistake if they will but read and study the Federal Constitution, the organic law of the land, on which all State constitutions must be based. No new system is needed. There is sufficient guarantee for the equal rights and liberties of all, if the people themselves will but insist upon enforcement. The apparent perversion of personal rights of the present day is individual—not National. It is the dominance and exercise of personal greed and selfishness of human nature, and a deviation from the teachings of the Lowly Nazarene that is causing the social unrest of the present time. The guarantee of personal rights and liberty on the part of the Government is as strong today as at the beginning.

Duty, as well as patriotism, is one of the essential qualities of Americanism. In the growth and development of a nation the brotherhood of man should not be lost sight of. This should furnish one of the inspirations for the observance of the Fourth, and the sentiment should be cultivated and practiced throughout the entire year. When each citizen loves his neighbor as himself, and does to them as he would have them do to him, the cause of social discontent will have been removed. Patriotism and duty in every day life is what is most needed at the present time.

Charleroi in Line

All roads will lead to Charleroi Monday, when the biggest Fourth of July demonstration ever attempted along the Monongahela valley will be pulled off. The program of topline attractions is all ready, and in the matter of oratory and entertainment, the best is not too good for Charleroi.

With John Mitchell, the former and beloved president of the United Mine Workers, Judge J. F. Taylor and Hon. John K. Tener, Republican candidate for Governor of Pennsylvania, men whose personality is an attraction in addition, to their oratori-

cal powers, the significance of the day will be well and ably presented. Then, with balloon ascensions, field sports of a high order and side attractions galore, no one will pass a dull moment who comes to Charleroi to celebrate the Fourth. Charleroi will extend the glad hand of welcome to all who come, and the day will be a memorable one in the annals of the valley.

PROFESSOR FRANKS AT BALL GROUND MONDAY

As a side attraction the forenoon of the Fourth a ball game between the Episcopal and the First Presbyterians of the Charleroi church league will be played at the ball park. In addition Prof. F. B. Franks, America's strongest man, will give an exhibition of some marvelous feats of strength. He will allow a Ford automobile of Monessen, carrying four people and weighing 2,500 pounds to run over his neck, and a Buick automobile of Charleroi, carrying five people, with a total weight of 3,600 pounds to run over his stomach. He will also outpull any team of horses in the town and will pay \$50 to any man who outpulls him. Another feat is breaking over his neck a 4,000 pound capacity wagon axle.

needs no suggestions from the miners, as he is familiar with our industry. The iron and steel workers as well as glass workers are for Tener and while the miners are anxious to declare Tener their particular friend and personal acquaintance, are willing that others shall be considered. "I am confident that nearly every miner in the Pittsburgh district will be for Tener, and I know of none now who are opposed to him. I do not think that anyone can oppose Tener, as he is clean cut, jovial and a common everyday person, and there is none closer to the people than he. The miners require no engrossed cards to call upon him, and it is plain every day John without frills and the petty annoyance that are usually required by the would-be great."

Michael Halapy, in reply to the interviews against Tener, purporting to have come from him, without hesitation sat down and wrote the following to the Philadelphia North American and requested its publication:

"A Washington paper has published a reproduction of an article that appeared in last Saturday's issue of the Philadelphia North American. It quotes me as saying that Mr. Tener's record is enough to justify organized labor to oppose him for Governor. I desire to contradict that statement emphatically and unequivocally. I have no interview with either a representative of your paper or that of the Washington paper, and on the whole I made no comment upon Mr. Tener's nomination."

"However, so far as Mr. Tener's record goes I believe that he has always been a friend of organized labor and if elected Governor, I believe he will demonstrate that to the most obtuse."

"In Washington county Mr. Tener has a host of friends among organized

labor. So far as I know the coal miners look on him best, will render him all the support they can at the fall election.

"If elected, we expect no favors of Mr. Tener as Governor. That exalted office has been created for the good of the Commonwealth, and it should be used to that end."

Both Van Bitner and Halapy are very conservative leaders and are not given to rash statements. These men are indignant against those who have unjustly used their names in articles against Tener for political effect.

WEDS WHILE ABSENT ON HIS VACATION

John L. Whitlatch of Charleroi and Miss Ronie Bennett of Parkersburg, W. Va., were quietly married at the home of the bride's parents in Parkersburg, Wednesday evening of this week. Only the immediate families were present. The couple are now visiting in Wheeling, Moundsville and vicinity at the present time, and will come to Charleroi next Friday, to begin housekeeping. Mr. Whitlatch is an employee of the local freight office, and is held in high esteem by his employers and his numerous acquaintances. The bride was formerly a teacher in the public schools in the Parkersburg vicinity, and is a popular young lady.

EPISCOPALS WIN

FROM BAPTISTS BY
GOOD BASE RUNNING

The Episcopal won from the Baptists last night by hitting at opportune times, and by good base running. In point of extra base hits the Baptists had the Episcopal beat, but could not count with the same regularity. The Baptists started things off in their half by one score on a three-baser and a life, getting their second in the third inning on a life and a three-baser, and their third score in the fifth on a single and a three-bagger. The Episcopal secured two runs in the first inning on a base on balls, a three-bagger, and an error. In the third they got another and in the fifth one more run was chased in. In the sixth two runs on three hits, a base on balls and two stolen bases was the result.

AEROPLANE RACES

Aviation Week at Atlantic City

It is not a far cry back to "Darius Green and his flying machine" when aerial navigation was considered impossible.

Today Atlantic City is preparing for a great Aviation Meet from July 2 to 11, when three of the greatest flyers of the modern world will demonstrate their mastery of the air.

Glenn H. Curtiss, the holder of the world's record for speed, will fly daily from July 4 to 11.

Walter E. Brookins, who holds the record for high flying, will give exhibitions July 7 to 11 in a Wright aeroplane.

This is the first contest between the Wright and Curtiss machine.

It is also expected that Charles K. Hamilton, the great long distance aviator, will be present and race from July 7 to 11.

There will be prize events each day, including a fifty-mile flight over a five mile circular course, and prize high flying, July 7 to 11, directly over the beach front and ocean.

The Pennsylvania Railroad special sixteen-day excursion from Pittsburgh and Western Pennsylvania to Atlantic City and other seashore points on June 30, offers an excellent opportunity to witness these novel events at a minimum expense.

The Pennsylvania Railroad is the direct route to Atlantic City, and excursion tickets are on sale from all points. Connections are made in Broad Street Station, with trains via the Delaware River Bridge, all-rail route.

IMMENSE CROWD EXPECTED IN CHARLEROI TO ENJOY BIG FOURTH OF JULY DEMONSTRATION

CITY BEDECKED IN GAYEST COLORS IN ANTICIPATION OF THE OCCASION

Parade in Morning Will be One of Features, to be Followed Immediately Afterwards by Speaking in "The Pines" by Noted Men

SPORTS PROGRAM ARRANGED FOR THE AFTERNOON

With the town bedecked in gala attire, Charleroi's Fourth of July celebration Monday promises to be something out of the ordinary. Complete arrangements have been made for the day, and all that remains is the carrying out of the program. A professional decorator has been here this week decorating the streets and many of the business places and to-day stores and residences are being adorned.

An immense crowd is anticipated despite the Fourth observance in other towns and nearby places. One big feature will be the parade in the morning, which will end in "The Pines" at 11 o'clock, when the speaking by Hon. John Mitchell, former president of the United Mine Workers of America, Hon. J. F. Taylor of Washington and Hon. J. K. Tener of Charleroi, candidate for Governor on the Republican ticket, will

take place. The speaker's stand has been erected and decorated.

The parade will be headed by members of the Ringgold Battalion, the only Civil war veterans who ever held a reunion in Charleroi, and who are consequently favorites. This battalion will be in automobiles. Various organizations will participate. A large delegation of miners are expected to be here to hear Mr. Mitchell his first visit to this section, local leaders along the valley having made efforts to have the men come to Charleroi on that day.

The program will be carried out in full as announced in another column and will not end until late at night, when the fire works display will be a feature. All the works will be closed down for the day, and the stores will suspend business in order to allow the employes the opportunity to observe a general holiday.

OFFICIAL PROGRAM

Parade, beginning at 9 o'clock, from corner of Second Street and Washington Avenue.

Speaking in "The Pines" at 11:00 by Hon. John Mitchell, former President of the United Mine Workers of America; Hon. J. F. Taylor, of the Washington County Court, and Hon. J. K. Tener, Republican Candidate for Governor.

Band Concerts at intervals in various parts of town.
Miner's Race at 1 o'clock—McKean Avenue

Public Reception to Hon. John Mitchell, Hon. J. F. Taylor and Hon. J. K. Tener at the Wilbur Hotel.

Balloon Ascension at 2 o'clock from the hill

Bull Wrestling Contest at 4 o'clock by E. B. Franks.

Ball Game—Christians and Catholics

Fireworks Display in the evening from river adjoining the Baseball Park.

Balloon Ascension and display of fireworks touched off by balloonist at night.

JUNE SHIPMENTS OF COAL BEST THUS FAR THIS YEAR

Rev. Moninger Back From the Holy Lands

Will Lecture in County Before Returning to Home in Ohio

Herbert H. Moninger of Cincinnati, O., who has relatives in Fallowfield township and who is well known in Charleroi, has just returned from an extended tour through Bible lands. He is one of the most enthusiastic teacher training experts in the United States and the whole tour was turned into a great teacher training study class. He expects to spend some time visiting relatives in the county during the month of July. From the shores of the Lake of Galilee he secured a great quantity of beautiful shells and other mementoes from Palestine.

Rev. Moninger will give a number of lectures in Washington county before returning home. With the party which toured the Holy Lands under Rev. Moninger's guidance was Jehu Cooper of Fallowfield township.

Over 20,000,000 Bushels Go Through Lock

No. 4

MARCH NEXT BEST MONTH

Indications are That Heavy River Trade Will Continue Indefinitely.

Exceedingly good shipments of coal were made through Lock No. 4 during the month of June as shown by the report of Lockmaster A. F. McGowan. The report is the best for any month thus far this year, surpassing the banner month of March by 34,000 bushels.

The total June shipment was 20,199,000 bushels. The March shipments totaled 19,405,000 bushels and the May shipments, 18,399,000.

There were 227 lockages down stream during June and 1,728 boats, barges and flats down. Up stream there were 810 lockages and 1,641 empties passed up. Passengers during the month down stream were 1,314 and up stream 1,847. The rainfall was 3.77 inches.

During June, 1909, there was a total shipment of coal down stream of 16,147,000 bushels. There were 768 lockages down stream and 1,541 boats, barges and flats passed down. Up stream there were 774 lockages and 1,541 boats, barges and flats passed up. The prospects are good for the heavy river coal trade to continue. The one light month this year was in April, when the total shipments of coal were little over 5,000,000 bushels. The heavy shipments of other months have partially made up for this low record.

INTERVIEWS NOT CORRECT

Michael Halapy and Other Officials Deny Alleged Statements

A few days ago the Washington Reporter published an article credited to the Philadelphia North American, in which prominent labor leaders of Washington were quoted in alleged interviews as being opposed to the candidacy of John K. Tener for Governor. Two of these were Vice President Van Bitner of the district United Mine Workers, and Michael Halapy, another prominent official, who have repudiated the alleged interviews in the Washington Record.

Vice President Van Bitner of the miners, declares most emphatically for Hon. John K. Tener and says "Tener is a friend of the miners; in fact the gubernatorial candidate is considered one of us, as our members are personally acquainted with him, and while we do not expect in any way to harass the next Governor, we are going to work enthusiastically for his election. In securing legislation the miners and operators meet together and first agree on what we want and then demand the passage of the same. If we cannot agree we attempt to force through the measures we want irrespective of who is Governor. However, we are not going to embarrass the next Governor, but instead are going to help him as we are anxious that he shall come out of the office with the best record of any Governor ever elected to fill that exalted office."

"I have been quoted as being against Tener, but I assure all that such an assertion is a canard pure and simple, and I am confident the miners will be almost unanimous in their support. The miners were for Tener for Congress and he knows that we requested nothing from him and what he did in putting through the bill for the Bureau of Miner was done voluntarily by him and Tener (Continued on Third Page).

EXPECT BIG CROWD AT ELDORA PARK

Hon. John Mitchell and Hon. J. K. Tener Will Speak in Afternoon

Eldora Park is prepared for the Fourth of July and the management expects a big day. Following the public reception here, Hon. John Mitchell and Hon. J. K. Tener will go to the park in an automobile, where they will make brief addresses, after which they will return to Charleroi. Dancing and other special features will provide entertainment for the day. Tomorrow, Sunday, Hal's Concert band will give concerts, in the afternoon and evening.

Plant Will be Closed a Week at 9:30 O'Clock

Macbeth-Evans Chimney Factory Officials Will Take Stock

The entire Macbeth-Evans chimney plant has been closed down for a week to allow time for the taking of stock and to make a few minor repairs. The factory will resume in full again on July 11. It is customary for the Macbeth-Evans plant to close down a week during the summer usually about the Fourth of July to give their employes a chance to take part in the celebration of the National holiday. The plant has been running steadily under the superintendency of W. S. James, and from demands for the Macbeth-Evans were the prospects are for a continued steady run from now on.

OBJECTS TO MAKING MAIN THOROUGHFARE OBJECTIONABLE PLACE

Editor Charleroi Mail: Permit me to make a few remarks in regard to beautifying our city for the Fourth of July. Just come along McKean avenue, the most prominent business street in Charleroi, and look at the dirty freight cars. Then, to make it more prominent, our city council has decreed that as we don't get enough of the fine odor of the dirty cars, we should get a water closet for the National holiday. It is a shameful condition. When the great parade comes along next Monday on McKean avenue we can point out to our visitors the new addition on our main street and credit to our city council, the newly-erected attraction on our main thoroughfare, the Great Water Closets.

In regard to the utility some will say no doubt it is necessary in any town like Charleroi, especially on the Fourth, but why not have it on some back street? I claim that it was not necessary, as we will not have any larger crowd on next Monday than we had before, and the people got along very well without these accessories. Why don't council spend our money to a better advantage? It seems to me that they are wanting to do something and don't know what. I again say it is a shame for our prominent business thoroughfare, McKean avenue, to be so disfigured. A CITIZEN.

The Glorious Fourth

Before the American people take up the burden of life again, the Fourth of July will have come and gone and been celebrated with due pomp and splendor throughout the length and breadth of our land. With Sunday preceding, a day devoted to rest and religious devotions, people will have opportunity to take stock of the political and religious liberty they enjoy, and to study the true significance of the anniversary.

Great and glorious as has been the past and progress of our country, there are numerous elements who believe our form of government is a failure; that the common people are shorn of their rights and liberties; that the rich and powerful interests are monopolizing and restricting opportunities, and that justice is perverted in their favor. Such, however, will discover their mistake if they will but read and study the Federal Constitution, the organic law of the land, on which all State constitutions must be based. No new system is needed. There is sufficient guarantee for the equal rights and liberties of all, if the people themselves will but insist upon enforcement. The apparent perversion of personal rights of the present day is individual—not national. It is the dominance and exercise of personal greed and selfishness of human nature, and a deviation from the teachings of the Lowly Nazarene that is causing the social unrest of the present time. The guarantee of personal rights and liberty on the part of the Government is as strong today as at the beginning.

Duty, as well as patriotism, is one of the essential qualities of Americanism. In the growth and development of a nation the brotherhood of man should not be lost sight of. This should furnish one of the inspirations for the observance of the Fourth, and the sentiment should be cultivated and practiced throughout the entire year. When each citizen loves his neighbor as himself, and does to them as he would have them do to him, the cause of social discontent will have been removed. Patriotism and duty in every day life is what is most needed at the present time.

Charleroi in Line

All roads will lead to Charleroi Monday, when the biggest Fourth of July demonstration ever attempted along the Monongahela valley will be pulled off. The program of topline attractions is all ready, and in the matter of oratory and entertainment, the best is not too good for Charleroi.

With John Mitchell, the former and beloved president of the United Mine Workers, Judge J. F. Taylor and Hon. John K. Tener, Republican candidate for Governor of Pennsylvania, men whose personality is an attraction in addition to their oratorical

cal powers, the significance of the day will be well and ably presented. Then, with balloon ascensions, field sports of a high order and side attractions galore, no one will pass a dull moment who comes to Charleroi to celebrate the Fourth. Charleroi will extend the glad hand of welcome to all who come, and the day will be a memorable one in the annals of the valley.

As a side attraction the forenoon of the Fourth a ball game between the Episcopal and the First Presbyterians of the Charleroi church league will be played at the ball park. In addition Prof. F. B. Franks, America's strongest man, will give an exhibition of some marvelous feats of strength. He will allow a Ford automobile of Monessen, carrying four people and weighing 2,500 pounds to run over his neck, and a Buick automobile of Charleroi, carrying five people, with a total weight of 3,600 pounds to run over his stomach. He will also outpull any team of horses in the town and will pay \$50 to any man who outpulls him. Another feat is breaking over his neck a 4,000 pound capacity wagon axle.

needs no suggestions from the miners, as he is familiar with our industry. The iron and steel workers as well as glass workers are for Tener and while the miners are anxious to declare Tener their particular friend and personal acquaintance, are willing that others shall be considered. "I am confident that nearly every miner in the Pittsburgh district will be for Tener, and I know of none now who are opposed to him. I do not think that anyone can oppose Tener, as he is clean cut, jovial and a common everyday person, and there is none closer to the people than he. The miners require no engrossed cards to call upon him, and it is plain every day John without frills and the petty annoyance that are usually required by the would-be great."

Michael Halapy, in reply to the interviews against Tener, purporting to have come from him, without hesitation sat down and wrote the following to the Philadelphia North American and requested its publication:

"A Washington paper has published a reproduction of an article that appeared in last Saturday's issue of the Philadelphia North American. It quotes me as saying that Mr. Tener's record is enough to justify organized labor to oppose him for Governor. I desire to contradict that statement emphatically and unequivocally. I have no interview with either a representative of your paper or that of the Washington paper, and on the whole made no comment upon Mr. Tener's nomination."

"However, so far as Mr. Tener's record goes I believe that he has always been a friend of organized labor and if elected Governor, I believe he will demonstrate that to the best of his ability."

"In Washington county Mr. Tener is a host of friends among organized

labor. So far as I know the coal miners look on him best, will render him all the support they can at the fall election.

"If elected, we expect no favors of Mr. Tener as Governor. That exalted office has been created for the good of the Commonwealth, and it should be used to that end."

Both Van Bitter and Halapy are very conservative leaders and are not given to rash statements. These men are indignant against those who have unjustly used their names in articles against Tener for political effect.

WEDS WHILE ABSENT ON HIS VACATION

John L. Whitlatch of Charleroi and Miss Ronie Bennett of Parkersburg, W. Va., were quietly married at the home of the bride's parents in Parkersburg, Wednesday evening of this week. Only the immediate families were present. The couple are now visiting in Wheeling, Moundsville and vicinity at the present time, and will come to Charleroi next Friday, to begin housekeeping. Mr. Whitlatch is an employee of the local freight office, and is held in high esteem by his employers and his numerous acquaintances. The bride was formerly a teacher in the public schools in the Parkersburg vicinity, and is a popular young lady.

CERTAIN EXPLOSIVES

WILL NOT BE ALLOWED

Burgess George W. Risbeck has instructed the police department to watch closely to prevent the infringement of the law on the Fourth of July. Prohibited explosives are firecrackers containing dynamite, chlorite of potash, or any explosive except that containing ordinary gunpowder, composed of saltpetre, sulphur and charcoal.

The Glorious Fourth

Before the American people take up the burden of life again, the Fourth of July will have come and gone and been celebrated with due pomp and splendor throughout the length and breadth of our land. With Sunday preceding, a day devoted to rest and religious devotions, people will have opportunity to take stock of the political and religious liberty they enjoy, and to study the true significance of the anniversary.

Great and glorious as has been the rise and progress of our country, there are numerous elements who believe our form of government is a failure; that the common people are shorn of their rights and liberties; that the rich and powerful interests are monopolizing and restricting opportunities, and that justice is perverted in their favor. Such, however, will discover their mistake if they will but read and study the Federal Constitution, the organic law of the land, on which all State constitutions must be based. No new system is needed. There is sufficient guarantee for the equal rights and liberties of all, if the people themselves will but insist upon enforcement. The apparent perversion of personal rights of the present day is individual—not national. It is the dominance and exercise of personal greed and selfishness of human nature, and a deviation from the teachings of the Lowly Nazarene that is causing the social unrest of the present time. The guarantee of personal rights and liberty on the part of the Government is as strong today as at the beginning.

Duty, as well as patriotism, is one of the essential qualities of Americanism. In the growth and development of a nation the brotherhood of man should not be lost sight of. This should furnish one of the inspirations for the observance of the Fourth, and the sentiment should be cultivated and practiced throughout the entire year. When each citizen loves his neighbor as himself, and does to them as he would have them do to him, the cause of social discontent will have been removed. Patriotism and duty in every day life is what is most needed at the present time.

Charleroi in Line

All roads will lead to Charleroi Monday, when the biggest Fourth of July demonstration ever attempted along the Monongahela valley will be pulled off. The program of topline attractions is all ready, and in the matter of oratory and entertainment, the best is not too good for Charleroi.

With John Mitchell, the former and beloved president of the United Mine Workers, Judge J. F. Taylor and Hon. John K. Tener, Republican candidate for Governor of Pennsylvania, men whose personality is an attraction in addition to their oratorical

cal powers, the significance of the day will be well and ably presented. Then, with balloon ascensions, field sports of a high order and side attractions galore, no one will pass a dull moment who comes to Charleroi to celebrate the Fourth. Charleroi will extend the glad hand of welcome to all who come, and the day will be a memorable one in the annals of the valley.

PROFESSOR FRANKS AT BALL GROUND MONDAY

As a side attraction the forenoon of the Fourth a ball game between the Episcopal and the First Presbyterians of the Charleroi church league will be played at the ball park. In addition Prof. F. B. Franks, America's strongest man, will give an exhibition of some marvelous feats of strength. He will allow a Ford automobile of Monessen, carrying four people and weighing 2,500 pounds to run over his neck, and a Buick automobile of Charleroi, carrying five people, with a total weight of 3,600 pounds to run over his stomach. He will also outpull any team of horses in the town and will pay \$50 to any man who outpulls him. Another feat is breaking over his neck a 4,000 pound capacity wagon axle.

needs no suggestions from the miners, as he is familiar with our industry. The iron and steel workers as well as glass workers are for Tener and while the miners are anxious to declare Tener their particular friend and personal acquaintance, are willing that others shall be considered. "I am confident that nearly every miner in the Pittsburgh district will be for Tener, and I know of none now who are opposed to him. I do not think that anyone can oppose Tener, as he is clean cut, jovial and a common everyday person, and there is one closer to the people than he, the miners require no engrossed cards to call upon him, and it is plain every day John without frills and the petty annoyance that are usually required by the would-be great."

Michael Halapy, in reply to the interviews against Tener, purporting to have come from him, without hesitation sat down and wrote the following to the Philadelphia North American and requested its publication:

"A Washington paper has published reproduction of an article that appeared in last Saturday's issue of the Philadelphia North American. It notes me as saying that Mr. Tener's record is enough to justify organized labor to oppose him for Governor. I desire to contradict that statement emphatically and unequivocally. I have no interview with either a representative of your paper or that of the Washington paper, and on the whole made no comment upon Mr. Tener's nomination."

"However, so far as Mr. Tener's record goes I believe that he has ways been a friend of organized labor and if elected Governor, I believe he will demonstrate that to the last obtuse."

"In Washington county Mr. Tener is a host of friends among organized

labor. So far as I know the coal miners look on him best, will render him all the support they can at the fall election."

"If elected, we expect no favors of Mr. Tener as Governor. That exalted office has been created for the good of the Commonwealth, and it should be used to that end."

Both Van Bitner and Halapy are very conservative leaders and are not given to rash statements. These men are indignant against those who have unjustly used their names in articles against Tener for political effect.

WEDS WHILE ABSENT ON HIS VACATION

John L. Whitlatch of Charleroi and Miss Ronie Bennett of Parkersburg, W. Va., were quietly married at the home of the bride's parents in Parkersburg, Wednesday evening of this week. Only the immediate families were present. The couple are now visiting in Wheeling, Moundsville and vicinity at the present time, and will come to Charleroi next Friday, to begin housekeeping. Mr. Whitlatch is an employee of the local freight office, and is held in high esteem by his employers and his numerous acquaintances. The bride was formerly a teacher in the public schools in the Parkersburg vicinity, and is a popular young lady.

EPISCOPALS WIN FROM BAPTISTS BY GOOD BASE RUNNING

The Episcopalists won from the Baptists last night by hitting at opportune times, and by good base running. In point of extra base hits the Baptists had the Episcopalists beat, but could not count with the same regularity. The Baptists started things off in their half by one score on a three-baser and a life, getting their second in the third inning on a life and a three-baser, and their third score in the fifth on a single and a three-bagger. The Episcopalists secured two runs in the first inning on a base on balls, a three-bagger, and an error. In the third they got another and in the fifth one more run was chased in. In the sixth two runs on three hits, a base on balls and two stolen bases was the result.

PENNSYLVANIA RAILROAD

AEROPLANE RACES

Aviation Week at Atlantic City

It is not a far cry back to "Darius Green and his flying machine" when aerial navigation was considered impossible.

Today Atlantic City is preparing for a great Aviation Meet from July 2 to 11, when three of the greatest flyers of the modern world will demonstrate their mastery of the air.

Glenn H. Curtiss, the holder of the world's record for speed, will fly daily from July 4 to 11.

Walter E. Brookings, who holds the record for high flying, will give exhibitions July 7 to 11 in a Wright aeroplane.

This is the first contest between the Wright and Curtiss machine.

It is also expected that Charles K. Hamilton, the great long distance aviator, will be present and race from July 7 to 11.

There will be prize events each day, including a fifty-mile flight over a five mile circular course, and prize-high flying, July 7 to 11, directly over the beach front and ocean.

The Pennsylvania Railroad special sixteen-day excursion from Pittsburgh and Western Pennsylvania to Atlantic City and other seashore points on June 30, offers an excellent opportunity to witness these novel events at a minimum expense.

The Pennsylvania Railroad is the direct route to Atlantic City, and excursion tickets are on sale from all points. Connections are made in Broad Street Station, with trains via the Delaware River Bridge, all-rail route.
